

To help you find an insured's WMATC number, here are some suggestions.

Check the WMATC website

Method 1

Use this method to search for currently licensed WMATC carriers.

Step 1 go to www.wmatc.gov.

Step 2 click on the "carrier information" tab on the left side of the homepage.

Step 3 select the active carrier list.

Step 4 search the active carrier list by name or address in the lower search box.

Step 5 find the WMATC number listed in the table.

Tip: If you have a carrier with a two letter name containing an ampersand (e.g., A & B Trans), your search will not locate the carrier unless your spacing exactly matches the spacing in the carrier's name. To avoid this problem, search by the insured's street address instead.

Method 2

Use this method to find an applicant that is seeking WMATC authority, but is not currently licensed.

Step 1 go to www.wmatc.gov.

Step 2 click on the "application status" tab near the top of the homepage.

Step 3 search for the carrier name in the lower search box.

Step 4 find the applicant's WMATC number listed in the table

Method 3

If you were unable to locate the insured's WMATC number using methods 1 or 2, try this.

Step 1 go to www.wmatc.gov.

Step 2 type the carrier name or address in to the search box in the top right corner of the homepage. A list of documents relating to the carrier should appear.

Step 3 locate the order approving the insured's application for a WMATC Certificate of Authority.

Tip: If you get too many results, repeat step 2 and put quotation marks around the term you are searching.

Step 4 find the insured's WMATC number in the numbered paragraphs of the order, usually near the bottom of the first page or the top of the second page. Look for the following language:
"THEREFORE, IT IS ORDERED: That upon applicant's timely compliance with the requirements of this order, Certificate of Authority No. 3647 shall be issued to Great Transportation, LLC, 123 Main Street, Washington, DC 20001-2419." In this example , the carrier's WMATC number is 3647.

Method 4

If you were unable to locate the insured's WMATC number on the WMATC website, try this.

Step 1 ask the insured for their WMATC number.

Step 2 if the insured is unsure what its WMATC number is, ask the insured to furnish a copy of their conditional grant order approving their WMATC application.

Step 3 once you have a copy of the approval order, follow method 3, step 4, described above.

Method 5

If you still cannot find the insured's WMATC number or you are not sure if a filing is needed, email caquino@wmatc.gov for assistance.

Thank you for your cooperation.
